

# Rally Against Leukemia 2022 GTA RoadRally

Presented by [RockAuto.com](http://RockAuto.com)  
Saturday, August 6, 2022

The Rally Against Leukemia 2022 is a Game-Tour-Adventure (GTA) Rally. After a short odometer check, contestants will receive a map of the Lakes Region of New Hampshire and a list of questions. The objective is to answer as many questions as possible in the least amount of miles.

Rally Against Leukemia 2022 is part of NER/SCCA Race Against Leukemia weekend at New Hampshire Motor Speedway.

All proceeds from this event will be donated to the UMASS Medical Center to aid with their Leukemia research. Contestants are encouraged to collect additional donations from friends and family. The team that collects and turns in the most donations will receive a special award.

*Because this is a charity event, meant for fun rather than serious competition, the only limitation to the number of occupants in a vehicle is that the total number of occupants per vehicle cannot exceed the number of seat belts available in the vehicle. Appropriate waivers will need to be completed and signed at registration for all occupants. For teams with more than two adults (over age 18), it is suggested that in the spirit of the charity nature of the event that an additional monetary donation be made for each additional adult at registration.*

Start/Finish: New Hampshire Motor Speedway, 1122 Route 106, Loudon, NH. Rally Registration, Track Waiver, and SCCA waivers at the track registration building to left of main gate.
